Corso Fratelli Cervi 26 Collegno (TO) Turin, Italy

Automation of Guest's registration for stage.

22/01/2018 – 02/02/2018

Sirius srl

Via Isonzo 100, Torino(TO) Turin, Italy

Software and Hardware Support.

EDUCATION AND TRAINING

05/12/2025 Microsoft Certified: Azure Fundamentals

As a candidate for this certification, the individual demonstrates foundational knowledge of cloud concepts in general and Microsoft Azure in particular. This certification serves as a common starting point in a journey towards a career in Azure, covering Azure architectural components and services, including compute, networking, and storage, as well as features and tools for securing, governing, and administering Azure.

22/11/2025 AWS Certified CloudOps Engineer – Associate

Earners of this certification have a comprehensive understanding of how to deploy, manage, and operate workloads on AWS. They demonstrated the ability to monitor, scale, and secure systems in the AWS Cloud. They can implement optimizations based on business requirements of performance and cost. Badge owners are able to provide guidance on implementing best practices for cloud operations.

16/03/2024 HashiCorp Certified: Terraform Associate

Earners of the HashiCorp Certified: Terraform Associate certification know the basic concepts, skills, and use cases associated with open source HashiCorp Terraform. They understand and can utilize Terraform according to the certification objectives. Additionally, they understand why enterprises choose to extend Terraform Community with Terraform Enterprise to solve business critical objectives

01/03/2024 Zabbix Certified User

Earners of the Zabbix Certified User certification know the most important Zabbix concepts and laying the foundation for future monitoring proficiency

10/06/2023 Certified Kubernetes Administrator

Earners of this designation demonstrated the skills, knowledge and competencies to perform the responsibilities of a Kubernetes Administrator. Earners demonstrated proficiency in Application Lifecycle Management, Installation, Configuration & Validation, Core Concepts, Networking, Scheduling, Security, Cluster Maintenance, Logging / Monitoring, Storage, and Troubleshooting

29/09/2022 AWS Certified Solutions Architect –Associate

Earners of this certification have a comprehensive understanding of AWS services and technologies. They demonstrated the ability to build secure and robust solutions using architectural design principles based on customer requirements. Badge owners are able to strategically design well-architected distributed systems that are scalable, resilient, efficient, and fault-tolerant.

28/04/17 ECDL Full Standard Certificate**10/09/2014-03/07/2019 Certificate of Tecnical High School**

“I.I.S G.Peano” of Turin, Italy

Basic Concept of Algorithm and technologies for Computer Science applications.
Network and System Administration. Development of Low level System.
